## **DIVINE INTERVENTION**

***Where the impossible  
becomes possible.***

**ISRAEL  
November  
2007**

**In a split of a second  
for heaven to appear.**

Learn to create miracles in the blink of an eye.

In this intensive class, you learn to release tumor energies, creating physical plane manifestations and spontaneous remission. This life-transforming class is of the path of mastery, as passed down in the sacred tradition of the Curanderos of Mexico.

## THE COURSE THAT WILL CHANGE YOUR LIFE!

*Divine Intervention* may be referred to as the loudest, most specific prayer that can call the forces of nature and heaven together hand in hand. As Source intervenes in a situation, through minister or practitioner, the laws of a larger physics come into play.

Become an instrument of Source and raise the vibrations for Source using *specific dimensions and emanations of a precise hertz frequency.*

As each of us advances on our spiritual path, the tools and techniques we use must advance as well. Our methodologies must allow us to touch more people in more impactful ways.

## WHAT YOU WILL GET FROM THIS PROGRAM

As you participate in this class, you will learn various advanced techniques that manifest phenomena. Your ability to provide physical plane evidence of Divine Intervention will be completed.

You will be able to blend your healing wisdom with the power of the Divine as you enhance your previous skills. The most intimate connection that anyone can have with another being on this planet will be obtained by learning how to hold space for *a split second of Heaven* to appear in or for someone.

As you master the gifts of the Holy Spirit, your capacities and abilities will jump to higher dimensions.

*Acts that seem magical will become commonplace.*

Miracles become a way of life, and part of your personal practice. Service to others reaches new levels of physical, mental, emotional, and spiritual connection.
